MEDIA RELEASE

The IML Concentrated Australian Share Fund has recently been added to BT Wrap and Panorama.

We are pleased to advise that the IML Concentrated Australian Share Fund (APIR IML0010AU) is now available on both BT Wrap & Panorama.

Headed up by IML's Senior Portfolio Manager and Head of Research, Hugh Giddy the Fund aims to provide exposure to an actively managed, concentrated portfolio of quality shares listed on the ASX.

“The Fund has displayed significantly lower levels of volatility than peers over the longer term, and remains consistent in its ability to outperform in down markets.”

Lonsec Report, 9 September 2016

The focus on a diversified, high conviction portfolio of ‘quality’ and ‘value’ stocks has delivered investors reasonable returns with materially lower levels of volatility relative to the market which is unique to this strategy. This provides investors with an alternative or complimentary strategy to a broad ASX index exposure.

The Fund is rated “Highly Recommended” by Lonsec and “Recommended” by Zenith. These new platforms extend the fund’s coverage, with it also being available on; Portfolio Care, Macwrap, MLC Navigator, Netwealth, AMP North and Hub 24.
